ELKS' FLOAT BEING MADE READY FOR GREAT PARADE

**R. W. Chobe Putting Display
in Shape; Grand Officers
of Lodge on Scene**

The big float which Glendale Elks claim will be the sensation of the B. P. O. E. parade in Los Angeles next Friday, is rapidly nearing completion at the local headquarters. Under the direction of R. W. Chobe, who has made a reputation as the builder of prize-winning floats, the finishing touches are being put on.

In addition to actively participating in all of the events of the coming convention, the local lodge will keep open house during the entire meeting.

Virtually all grand lodge officials of Elksdom, including Exalted Ruler Abbott, are in Los Angeles today, preparatory to the opening of the grand lodge reunion on Monday.

Lawrence McDaniel Here

Mr. and Mrs. Allen McDaniel of 910 Orange Grove avenue are entertaining Mr. McDaniel's brother, Lawrence McDaniel of St. Louis, Mo. The latter Mr. McDaniel arrived in Glendale yesterday, and is here to attend the national Elks' convention in Los Angeles next week. He holds the office of esteemed leading knight in St. Louis lodge, No. 9, B. P. O. E.

In Official Party
Other members of the official party arrived in a special train from Toledo, O., over the Santa Fe. In the party were:

William W. Mountain, Flint, Mich., slated as next grand exalted ruler.
Joseph T. Fanning, New York, past grand exalted ruler.

Frank L. Rain, Fairbury, Neb., past grand exalted ruler.
John Dysart, Dubuque, Ia., grand chaplain.

Fred Harper, Lynchburg, W. Va., (Continued on Page 4)

Mrs. Sadie Stallsmith Leaves for Bay City

Mrs. Sadie H. Stallsmith and daughter, Miss Marie Stallsmith of Cleveland, Ohio, who have been visiting Mrs. D. E. Sanker of 328 Vine street during the past week, left yesterday for San Francisco, where they will spend a week with friends. These three ladies were former neighbors and friends in the Buckeye city, where Mrs. Sanker resided prior to coming to Glendale.

On the day before the departure of her two guests Mrs. Sanker entertained them at a luncheon at the Ambassador hotel in Los Angeles, after which they enjoyed an automobile trip through various southern California towns.

Miss Stallsmith, who is employed as assistant buyer for one of Cleveland's largest department stores, has been granted a two months' vacation which will end on August 1. In the meantime she and her mother will travel through all of the main parts of northwestern United States and Canada before returning home.

Mrs. S. N. Benham Cuts Thumb; Operated Upon

Mrs. S. N. Benham of 334 Cameron Place was operated on this morning at the Glendale Hospital and Sanitarium by Dr. H. G. Westphal. Several days ago Mrs. Benham cut her thumb on the ragged edge of a tin can. Infection set in, causing a severe case of blood-poisoning.

Other Glendale residents to have light operations include Lillian Cross, 1719 East Wilson; J. M. Cooper, 119 North Cedar, and Gertrude Tinsley of the Glendale Hospital.

Oakland Resident Is Joseph Wagner's Bride

A very pretty wedding took place Tuesday, July 5, when Mrs. Margaret Nepock of Oakland became the bride of Joseph Wagner of this city. The wedding took place at the Church of the Holy Family, Rev. J. S. O'Neill officiating. This was followed by a wedding supper at the home of Mr. and Mrs. Willard Lewis, 1437 Valley View road. The newlyweds are temporarily residing at the Glendale apartments.

Glendale People Enjoy Big Bear Lake Visit

One of the many recent fishing parties going from Glendale to Big Bear lake was the one consisting of Misses Margaret Crawford, Gertrude Hawkins, Alice Holmes, Mr. and Mrs. Wesley Holmes, Mr. and Mrs. G. H. Holmes and Messrs. Roy Selover, Donald Cowlin and Eustace Rowley. They spent three days at the famous mountain resort, enjoying the outing by camping out in the open.

BUILDING PERMITS SHOW BIG INCREASE OVER 1920 FIGURES

Building permits issued in Glendale for the first six months of the present year show an increase of nearly 100 per cent over the corresponding period last year.

With a total valuation of \$1,956,307 for the first six months of the year, real estate dealers and contractors predict a grand total of \$4,000,000 for the year. For the first half of the year 1920 the value of the permits aggregated \$1,015,439.

No evidence of a slowing up in building in Glendale has been noticed, the June permits totaling over a quarter of a million, and many dealers state that last month's business has been the largest they have ever had.

FIFTEEN PERMITS FOR CONSTRUCTION

**Most for Small Amounts in
Building of Garages and
Making Additions**

Yesterday's building permits totaled fifteen, although most of them were for small amounts. The building of garages and additions made up most of the list. Following is the list of permits issued by the building inspector:

W. J. Reser, four rooms and bath, 512 West Myrtle	\$3,000
Charles Sterzing, four rooms, 440 West Oak	1,700
J. A. Benjamin, three-room residence and salesroom, 532 South San Fernando	1,500
G. Camargo, three-room addition, 119 North Belmont	800
Mrs. M. Wallace, sleeping porch and garage, 419 East Colorado	500
W. A. Horn, addition and garage, 221 North Louise	500
Mrs. Marlon Schumacher, garage, 405 West Myrtle	355
H. L. Miller Co., alter and repairs, 136 North Brand	250
F. P. Temple, garage, 1038 Justin	250
John W. Burson, garage, 600 East Colorado	200
Frank Booth, garage, 111 South Kenwood	200
Mrs. Logie, two garages, 114 North Everett	175
Charles R. Snider, garage, 1816 East California	150
Eugene Haynes, garage, 312 East Dryden	150
A. A. Hulbert, addition, 226 North Cedar	125

Mr. and Mrs. Ferguson Go to Santa Barbara

Mr. and Mrs. A. L. Ferguson of 518 North Orange street left today for Santa Barbara, where they will visit Mrs. Ferguson's parents, Dr. and Mrs. J. J. Dickover. They were accompanied by Mrs. Ferguson's brother, E. R. Dickover, who has been here for the past week on a business trip in connection with the Los Angeles Chamber of Commerce. E. R. Dickover is vice-consul at Kobe, Japan, and is here on business in connection with his official duties.

After Mr. and Mrs. Ferguson leave Santa Barbara they will be joined by other members of the family and will tour the Sierra mountains for an indefinite length of time.

Miss Anabel McClellan Is Entertaining Guests

Miss Anabel McClellan of 126 North Central avenue is entertaining three of her girl friends this weekend, Miss Jessie Jones of Oakland, Miss Willina Rich of Oakland and Miss Ruth McKinley of Long Beach. The young ladies are all classmates of Miss McClellan's at Mills college, and are planning a very jolly time. Miss Jones will remain as a guest of Miss McClellan for several weeks.

S. Mitchell Returns After Visiting Here

S. Mitchell, who has been visiting his mother-in-law, Mrs. Ella Richardson, 317 North Brand boulevard, returned last night to his home in Kings City. His wife, Mrs. Eulalia Mitchell, and her two babies, will remain in Glendale another week.

Harold A. McElroy Is Visitor in Glendale

Harold A. McElroy, formerly of South Adams street, this city, was in Glendale this week visiting old friends and neighbors. Mr. McElroy is now a resident of Montebello, at which place he is assistant manager in the St. Helena Oil company.

Purchases Home in Glendale 10 Minutes After Arriving Here

She came, she saw, she was convinced.

Purchasing a home here within ten minutes after she arrived in the city is the experience of Miss Elizabeth Graves of Los Angeles.

On Thursday Miss Graves came to Glendale with the intention of looking over a number of houses in an effort to select a future home. When taken by a local real estate agent to the house located at 609 East Lomita and belonging to Arthur L. Fryer she was at once "struck" by the property for which she immediately signed a contract.

The new owner will take possession of the home on Tuesday of next week, while Mr. and Mrs. Fryer will build in another section of the city.

Miss Graves is a native of Kentucky, having come to Southern California several years ago.

LOCAL FOLK WILL DISPLAY AT FAIR

**Mrs. Ella W. Richardson Is
Chairman Department of
Science, Home Art**

Glendale citizens are urged to actively co-operate in making this city's exhibit at the coming San Fernando valley fair, to be held in San Fernando September 13 to 18, inclusive, the most complete and prominent exhibit at the fair.

Mrs. Ella W. Richardson, chairman of the Glendale department of domestic science and home art, is making plans to show a representative exhibit of the many artistic features of this city. She has appointed the following sub-committee heads: Child welfare—Mrs. A. A. Barton, 630 North Howard.

Culinary—Mrs. Colin Cable, 505 South Columbus avenue.

Needlework—Miss C. H. Taylor, 123 North Everett street.

Antiques—Mrs. Ada Leavitt, 212 South Orange avenue.

Flowers and Plants—Glendale Plant and Floral company, 118 South Brand boulevard.

May Sell Exhibits
The Glendale Electric company has made arrangements to exhibit a complete line of electrical appliances. Those exhibiting in the various departments will be given the privilege of selling their exhibits. Any one desiring to show at the fair in any of the above named departments can receive full information by calling up either Mrs. Richardson or any of the chairmen of the sub-committees.

Mary C. Howland, 84, Pioneer, Is Summoned

Mary Charlotte Howland, aged 84 years, passed away last night at the home of her daughter, Mrs. T. B. Curtis, 727 East Palmer avenue. Mrs. Howland has been a resident of California for fifty years. She leaves one other daughter, Mrs. I. M. Green of Oakland, at which city funeral services will be held. Pulliam & Kiefer Undertaking company is in charge.

Mrs. Luella Veitch Is Women's Guild Hostess

Members of the Women's Guild of St. Mark's church were guests Thursday afternoon at the home of Mrs. Luella Veitch, 445 Oak street, there being eighteen present. After a short business meeting, conducted by the president, Mrs. B. O. Holbrook, a social afternoon was enjoyed, during which a buffet luncheon was served.

TELLS OF ACTIVITY IN MINE DISTRICT AT RANDSBURG

**Richard Mansfield Is Here on
Visit and Describes Rich
Desert Country**

Richard Mansfield, who for several years was a resident of Glendale and is at present visiting Mr. and Mrs. Frank Morris, 324 North Orange avenue, brings back glowing tales of Randsburg, where he is at present engaged in mining.

Randsburg, which for a time some thought was to become one of the many "Ghost Cities" in the mining districts of Nevada and California, has taken on a new lease of life, according to Mansfield.

There are over 450 miners employed in the camp at present, and no labor trouble is experienced as the mine owners are all paying top wages.

"There is not a vacant house nor an idle man in Randsburg," states Mansfield. "There are no Japs, Chinese nor colored people in the camp."

New Ore Bodies

The Yellow Aster mine, famous for years in mining circles as one of California's greatest producers, has unearthed new ore bodies of greater value than any worked in its boom days. During the past fourteen months ore to the value of \$1,700,000 has been shipped out, and ore is now leaving at the rate of fifteen cars a week. Tungsten, gold, silver and lead are all found in paying quantities in the vicinity of Randsburg.

So great has been the tonnage sent out from Randsburg during the past year that the Selby Smelter company has placed a limit on the amount of ore received from this district.

Mansfield is interested in several claims, that he describes as being particularly rich in mineral value. While Randsburg is situated in the middle of the desert it has all the conveniences of a city, with the exception of gas.

Mr. and Mrs. Mansfield expect to return in a few days. They have built a fine new home there and expect to make it their permanent residence.

Miss Edith Watanen J. P. Hooten's Bride

Friends of Miss Edith Watanen, sister of Mrs. Eugene Murman of 206 North Central avenue, were taken by surprise upon receiving announcements of the wedding of Miss Watanen to John Paul Hooten at Santa Monica, June 4, no intimation of this event having been given beforehand.

During the past year Mrs. Hooten has been teaching school in Los Angeles and residing at the beach city. She is a graduate from Glendale Union high school and from the Los Angeles state normal school, before that institution became a branch of the University of California.

Mr. and Mrs. Hooten have made their home at 137 Bay street, Santa Monica, where they will welcome their friends.

C. H. Thompson Family on Extensive Journey

C. H. Thompson and family of 348 West Milford street left yesterday morning for an extensive automobile tour throughout the states of Oregon and Washington. The trip will last from six to eight weeks, most of which will be spent camping in the open. While in Oregon the party will spend two weeks in Klamath Falls, where they will visit Mr. Thompson's brother, H. L. Thompson.

During his absence Mr. Thompson's real estate business on Brand boulevard will be conducted by Miss Vera McPherson of 336 Patterson avenue.

Members of Cat Club in Meeting, Barbecue

The regular monthly meeting of the Glendale Cat club, which was organized about a year ago and the members of which are owners of fine blooded Persian cats, was held Thursday night. This was preceded by a barbecue at the home of Mr. and Mrs. Robert Russell, "The Old Adobe," in the Verdugo Woodlands, after which the members adjourned to the home of Mr. and Mrs. George Mason where an outdoor meeting was held. Plans for the second annual cat show, which will be held some time this winter, were discussed. Fred Hendrickson is president of this club. The meeting and barbecue was attended by twenty-five members.

Today's World News In Brief (By United Press to Glendale Evening News)

HOT SPELL GOES, COLD WEATHER RETURNS TO S. F.
SAN FRANCISCO, July 9.—San Francisco forgot there had been such a thing as a "hot spell" this morning and shivered and wished she had worn her collective overcoat when she started to work. Weather "normalcy" has returned.

TORRID WAVE CONTINUES UNABATED IN NEW YORK
NEW YORK, July 9.—Heat prostrations in New York today totaled a score, while the torrid wave continued unabated. There was only one death due directly to heat. Thousands slept in the parks and on the beaches. The fire department flushed many streets.

PEACE PREVAILS IN IRELAND FIRST TIME IN YEARS
DUBLIN, July 9.—Black and tans and Sinn Feiners fraternized in the streets of Dublin today. Although the British-Irish truce is not officially effective until Monday noon, orders for the cessation of hostilities were issued by commanders of both sides shortly after the armistice was signed last night. The truce was virtually operative today and for the first time in years there was peace in Ireland.

DEMOCRATIC ATTACK ON TARIFF BILL IS UNDER WAY
WASHINGTON, July 9.—The democratic attack on the tariff bill was begun today on the floor of the house. Representative Garner, Texas, ranking democrat of the ways and means committee and one of the party's leaders, opened the second day of debate on the tariff bill with a repetition of the charge that it was framed to favor big interests. Republican opposition to the tariff in the house apparently has quieted down.

HEAVY SNOW STORM IN COLORADO; 6 MEN NEAR DEATH
OURAY, Colo., July 9.—While the rest of the country is sweltering under abnormally high temperatures one of the worst snow storms in years is sweeping over the Sneffels Park section, fourteen miles west of here, today. Six men were marooned on the peak last night in a terrific gale which drove dense clouds of fine snow upon them, making it impossible to find shelter or get away from the stinging blast. Nearly frozen, they finally reached the apex of the peak.

DECLINE IS SHOWN AT OPENING OF STOCK EXCHANGE
NEW YORK, July 9.—A reactionary tendency developed on the New York stock exchange in the first hour of trading today. Mexican Petroleum, after having opened at 94, up a point, sagged to 91½. Studebaker's gain of ¾ at the opening was quickly wiped out and it dropped to 78. Asphalt was below 48 shortly after the gong sounded. Atlantic Gulf went along with the general decline. Opening at 24, off ¼, this stock fell to 22½. Rails were steady. United States Steel resisted the general movement, being up ½ at 76.

KING GEORGE CONTINUES TO DIRECT NEGOTIATIONS
LONDON, July 9.—King George continued to guide the British-Irish peace negotiations today. He conferred with Lord Middleton, the Irish unionist leader who participated in yesterday's historic Dublin conference at which the armistice between British forces and the Sinn Fein was drawn and signed. Middleton, it is understood, gave the king a full account of all that occurred. "We have managed to bridge the difficulties and the general feeling is overwhelmingly in favor of a settlement. I am hopeful the problem will be solved at last," Middleton said on his arrival here. Later Middleton was to confer with Premiers Lloyd-George and Smuts, preliminary to the opening of the formal peace parley next week.

REVENGE BACK OF POISONING OF FIVE, IT IS CLAIMED

COMANCHE, Ia., July 9.—The revenge of a woman scorned, authorities declared, was back of the poisoning of the family of five of Mrs. Will T. Johnson here. Miss Flora Moffitt was held, charged with having sent poison concealed in plum jelly, to the Johnson family. Miss Moffitt was declared by the police to be in love with Harry Johnson, a son. Harry had recently been fined \$500 in court here on action brought by Miss Moffitt as a result of their intimacy. When Johnson refused to marry her, Miss Moffitt tried to poison the family, authorities claimed. Physicians said today the poison might prove fatal to all five who ate the jelly.

FACTIONAL POLITICAL FIGHT UNDER WAY IN ILLINOIS

SPRINGFIELD, Ill., July 9.—The bitterest factional political fight in Illinois history between high state officials was on in full force today. The Sangamon county jury will meet on Monday to investigate charges that Governor Len Small and Lieutenant Governor Fred E. Sterling withheld public money while occupying the office of state treasurer. Attorney General Edward J. Brundage, at whose direction the grand jury was summoned, has been fighting with the Small administration ever since the governor took office. Brundage was the candidate for attorney general on the Ogelsby ticket, which opposed Small at the primaries last fall. Brundage was one of the few successful candidates on the Ogelsby ticket. In retaliation there were reports today that the governor had ordered an investigation of the Brundage payrolls.

U. S. STATES ITS POSITION REGARDING FAR EAST

WASHINGTON, July 9.—Foreign countries today had an outline of the United States' position regarding the Far East. Secretary of State Hughes has addressed a note to China in which he declares it the belief of the United States that the "open door" policy is essential to "freedom and commerce" on the Pacific coast. The immediate occasion for the note was an inquiry as to whether the United States continued its support of rights accruing to the Federal Telegraph company under a contract with the Chinese government. Protests from Denmark, Great Britain and Japan have been made against the contract. Secretary Hughes' reply was looked on as of wider significance than a mere assurance that this government would support the contract with the telegraph company. It is regarded as an intimation at least that the United States does not look with favor on the Anglo-Japanese alliance, renewal of which is now under discussion by the representatives of Great Britain and her colonies.

LEGION POST ASKS FOR SUPPORT OF BONUS BILL

**Resolution Demanding Action
in Behalf of World War
Veterans Is Passed**

Indorsement of a resolution drawn by Attorney Owen C. Emery relative to the bill for aid and compensation by the government to the world war veterans was unanimously given by Glendale American legion post last night.

The resolution follows in full: "Whereas, there is now before the congress of the United States of America, a bill for aid and compensation by these United States to the men who so faithfully served this country in the late world war, and "Whereas, it is a dire necessity that aid and compensation be given by this government to the former service men as is in said bill provided, and

"Whereas, this government has seen fit to render aid and compensate the railroad corporations of the United States for losses suffered during the world war, and

"Whereas, this government has seen fit to extend interest payments on the vast loans made to our allies during the world war, which interest payments would be sufficient to pay the compensation provided for in said bill, and

Says Issue Clouded
"Whereas, due to conditions which have resulted as an aftermath of the world war, this government has seen fit to subsidize certain industries by placing upon the statute books of this government a statute of protective tariff, and

"Whereas, certain individuals who have profited most from the world war are desirous of clouding the issue (Continued on Page 4)

Alex McDougall Back From Y. M. C. A. Camp

Alex McDougall, son of Mr. and Mrs. Thos. G. McDougall of 128 West Elk avenue, returned this week from a two-weeks' camping trip with the Los Angeles Y. M. C. A. Seventy boys were in the party, they camped in the open on Mount Wilson and came back sunbrowned and happy. Alex has pitched his tent in the yard at his home and is trying camping out in Glendale, which has so far proved almost as pleasant as the mountains.

Oscar J. Saacks, Age 39, Dies in Lankershim

Oscar J. Saacks, 39 years of age, passed away yesterday morning at his home in Lankershim, where he has resided for four years. Mr. Saacks was formerly a resident of Glendale and served on the local police force in the capacity of traffic officer during 1914 and 1915. He leaves a brother, H. W. Saacks. Funeral services will be held at Santa Ana, where the body has been taken. Pulliam & Kiefer Undertaking company is in charge.

Mr. and Mrs. O. Barnett Hosts at House Party

Mr. and Mrs. O. R. Barnett had as their house guests over the Fourth Mr. and Mrs. Ray V. Barnett, Miss Salene Barnett, Ray Barnett, Jr., and Mr. and Mrs. R. Lee of San Francisco. Ray Barnett and Mr. and Mrs. Lee returned to the northern city on Tuesday, but Mrs. Barnett and children are remaining in Glendale for an extended visit at the O. R. Barnett home, 334 West Broadway.

Additional guests at the Barnett home over the Fourth were Mr. and Mrs. Warren and Stanley Warren of Los Angeles and Dan Reed of Los Angeles.

Glendale Folk Return From San Diego Trip

Mr. and Mrs. C. S. Prime of 630 North Maryland Ave. and daughter Mary, and Mr. and Mrs. L. P. Clover of 947 North Louise street have just returned from a three-day outing at San Diego, where they visited Point Loma, Sunset Cliffs, Exposition park, Mission Cliff Gardens and Coronado beach. They made the trip by automobile, going the inland route and returning by way of the coast route.

RUTH RYAN AT HOME

Ruth Ryan, who has been an inmate of the Glendale Research Hospital for the last two weeks, following an operation for an acute attack of appendicitis, returned to her home at 322 West Acacia street today.

The Still, Small Voice

A great philosopher says: "The
most potent and beneficent forces
are stillness. The strength of a
sentence is not in its adjectives,
but in its verbs and nouns; and
the strength of men and of na-
tions is in their calm, sane, medi-
tative moments. In a time of noise
and hurry and materialism like
ours, the gospel of the still small
voice is absolutely essential."

In some of your meditative, still
moments let your thought dwell
on your responsibility to your de-
pendents and to the "old man
me," who is coming along, and
you will want to talk to me about
an endowment policy.

Let Us Make Your Summer Things More Summery

To be cool in summer, clothes must be
clean—not merely "every day" clean, but
immaculately clean and crisp and dry.

It gives your clothes a chance to breathe
—when clothing becomes sticky it's a
sign that pores in the fabric are closed—
it's the source of clothes discomfort.

And fresh, cooling cleanness for summer
clothes is so easy to obtain—and so eco-
nomical, too, if you'll include your sum-
mery things in your bundle when you
send your family washing to us.

LEGION POST ASKS FOR SUPPORT OF BONUS BILL

Resolution Demanding Action in Behalf of World War Veterans Is Passed

(Continued from Page 1.)

sue of the bill for compensation now before congress by making unproven and untrue statements reflecting on the character and duty of the former service men, and attempting directly and indirectly to lead the people of the United States to believe that the compensation provided for in said bill would bankrupt this nation, which statements are unfounded and false, and

"Whereas, we believe that a rehabilitated young manhood, aided and compensated for their various and numerous losses, is of far greater importance and value to these United States than either rehabilitated railroads, or subsidized industries, or interest of foreign war loans,

Call for Action

"Now, therefore, be it resolved: That we, Glendale Post, No. 129, of the American legion, department of California, call upon and request Warren G. Harding, president of the United States of America, the congress of the United States of America, Senators Hiram W. Johnson and Samuel M. Shortridge of the state of California, and Walter F. Lineberger of the Ninth congressional district of California, to support said bill for aid and compensation now before the congress of the United States, and to bend their every energy and force to speed the passage of said bill.

"Be it further resolved: That this resolution be sent to the president of the United States, and copy thereof to Senators Hiram W. Johnson and Samuel M. Shortridge, and to Congressman Walter F. Lineberger, and to the headquarters of the American legion, and a copy be spread on the minutes of this post.

Old Time Soldiers Are Quitting Army

FORT MADISON, Ind., July 9.—

The leather necks are leaving the army: More than half the enlisted men of this post have applied for discharge under provision of the army appropriations bill, Maj. A. G. Tipton, corps adjutant, declared in an interview here today.

"It is not the 'rookies' who are just enlisted in the service who are applying for discharges," Tipton said. "It is the men who have had from fifteen to twenty years' service. They have become tired of the army because of the condition it is now in."

Hapsburgs Dead And Buried, Says Statesman

By J. A. WEST
United Press Staff Correspondent
LONDON—"The Hapsburgs are dead—dead and buried."

In this manner, with a significant wave of the hand, Dr. Benes replied in an interview to persistent reports that Karl is planning a second dash to regain his throne.

Dr. Benes, a young and brilliant statesman who directs the policy of Czechoslovakia, and the co-author, with M. Take Jenesu, of the "Little Entente," is visiting London as a member of the Amendments-Commission of the League of Nations.

"What Happened at Easter," he continued, "was significant and more than merely symptomatic. It was decisive. It showed that, were the Hapsburgs to endeavor to issue from their tombs the Little Entente had both the power and the will to compel their swift return to those tombs. 'The question is one not of persons, but of principles, not of domestic, but of European politics. The persons, indeed, are in this case small enough, insignificant. There is nothing to frighten one about the present Hapsburgs. The danger they may constitute, as individuals, is infinitesimal. The menace lies in the cause they embody, the symbol they personify.

"That symbol connotes the middle ages, the ancient regime reaction; certain conceptions of government, of Hungarian territorial integrity, of private ownership by the crown of entire provinces. The restoration of the Hapsburgs would mean that of an intolerable system of political and economic domination. It would mean, certainly in Central Europe, possibly throughout the European continent, another and complete upheaval, yes, social revolution. And social revolution, we will admit, has become a luxury no single European state can afford at this juncture."

Dr. Benes was equally emphatic in his reply to general opinion that Central Europe is bankrupt and disordered. "That," he said, "is a grave delusion, on a par with the legend—for it is nothing else—of a Balkanized Europe. In the west you imagine that the conditions of Central Europe are terrible. They may have been two years ago. They are no longer so. We are well on the way to recovery, and even with the maintenance of the Anglo-French entente, to consolidation.

"Take Czechoslovakia for example. Our railways are running better than before the war; our paper money has been appreciably reduced. We have even made an attempt, not altogether successful I will admit, but a serious attempt, none the less to budget our balance. Our heads of cattle are more numerous than in 1914. We are suffering from an industrial crisis, but who is not? But we are optimists in Czechoslovakia, which is natural, since the war to us has meant the greatest of all victories, the regaining of our national independence."

Grand Jury Declines to Open Mooney Case

SAN FRANCISCO, July 9.—The

grand jury last night refused to reopen the case of Thomas Mooney, labor leader, it was learned today. Mooney is now in San Quentin serving a life sentence in connection with the bomb explosion during the Preparedness Day parade in 1916.

The refusal came as a dramatic climax to the voting of an indictment of Mrs. Leone Dunbar Esmond on a charge of violating the state criminal syndicalism law by threatening letters to Mayor Rolph.

Chauncey McGovern, attorney and handwriting expert, identified the letters written to Mayor Rolph as being in Mrs. Esmond's handwriting. The police say Mrs. Esmond is a well-known crank and a radical.

Other threatening letters were also introduced by McGovern, which he said were also written by Mrs. Esmond before and after the Preparedness Day parade.

McGovern, following the introduction of the letters, stated that in his opinion the letters showed that Mrs. Esmond was connected with the Preparedness Day bombing and said he believed a thorough examination of her in connection with that case would clear Mooney and the other alleged conspirators who were sentenced in connection with it.

The grand jury, it is understood, formerly told McGovern that they were not considering the Mooney case and would not reopen it. They stated they were concerned only with voting an indictment against Mrs. Esmond under the criminal syndicalism law and that, as the law was not passed at the time of the Preparedness Day outrage, they could not consider that connection in any writings.

THE TRUTH WON THE PASS

When Dean Richmond was at the head of the New York Central, a boy asked him for a pass to his home town. Richmond could assume a very terrible aspect, and, looking as awful as he could, he roared at the youngster, "Why do you want a pass?" The boy was so terrified that he forgot the speech he had learned for the occasion, and blurted out, "Because I don't want to pay." Dean Richmond remarked that this was the first time anyone had ever told the truth in asking for a pass, and he gave the boy his first free ride.

Wanted Husband Killed, Wife Said, Is Charge

CLEVELAND, July 9.—"I want

my husband killed," Mrs. Eva Catherine Kaber told Mrs. Emma Colapinto and the two alleged assassins of Daniel F. Kaber, wealthy Lakewood publisher, at a night rendezvous at the Kabers home, according to testimony at the widow's trial for murder today.

Mrs. Kaber then said, "I have tried but not succeeded," according to the testimony given by Detective Phil Mooney. The detective's story revealed how the murder of the invalid publisher was plotted, how the assassins were hired, how the killing was carried out and how the assassins never were paid by Mrs. Kaber.

Miss Marian McArdle, Mrs. Kaber's daughter, and Mrs. Mary Brickell, Mrs. Kaber's mother, were accused of having participated actively in planning the murder.

The daughter and grandmother, both under first degree murder indictments, deny this.

Believe Kidnapers in Hiding in Delaware

LETTS, Del., July 9.—Daring kid-

napers who stole two children from their home in Cape May, N. J., today were believed to be hiding somewhere in lower Delaware.

The children are Margaret, 3, and Jack, 2, children of Mrs. Florence Woodland, formerly of Philadelphia.

They were abducted from their home in Cape May Thursday, taken aboard a yacht and dropped here.

A man and a woman and two children answering their descriptions were located here, but later all trace of them was lost.

Mrs. Woodland, who has been estranged from her husband, Robert Emmet Woodland, for the past 16 months, declares the children were stolen by a man and a woman posing as "Mr. and Mrs. Henry James," who forced an acquaintance on her about a month ago.

She charged they were agents of her husband and that the latter was on the yacht to receive the children.

Eight Men Missing as Result of Fire

NEW ORLEANS, July 9.—Eight

men are missing in a fire which destroyed one and possibly two vessels in a mysterious accident and fire on Lake Ponchartrain off Little Point, La., according to information reaching here today.

The vessels in the mysterious lake fire were the Meriwether, a steamer used in transporting automobiles between New Orleans and Mobile, Ala., and the launch Ramsey.

The Ramsey was towing the Meriwether, which caught fire in an unknown manner and sank.

Aaron Cox, owner of the vessel, and two sailors escaped. Other members of the crew are missing.

What happened to the Ramsey could not be learned. She carried a crew of six men.

HINT WAS TAKEN

"We had a number of guests to dinner one evening," writes Mrs. W. G., "and in serving the chicken my husband overlooked our little daughter Elsie. She sat there with a disappointed look on her face for awhile, then a thought struck her. She crumpled a piece of bread on her empty plate and holding it up she beckoned to the dish of chicken saying, coaxingly, 'Here chick, chick, chick! Here chick! Here chick! Here chick!' There was a roar of laughter and Elsie was quickly served."

WHEN YOU MEET BUMPS

Remember to throw out the clutch when about to go over a bump in the road. It is surprising how much easier the car rides when this is done. The car merely coasts over it instead of being driven, and so the shock is reduced. If there is room it is well to approach such obstructions at an angle; then only one wheel strikes it at a time and the wheel is still further reduced.

AUTOMOBILE SECTION

Glendale Evening News, July 9, 1921

PROOF THAT AUTOMOBILE BUSINESS IS GOOD

A sure cure for calamity howlers is offered in the recently announced automobile sales during the first four months of this year.

Not only has the business during this period equaled that of the same period last year, but it has jumped in figures which are represented in thousands.

Anybody who thinks that the condition of the automobile business in this state is not on a healthy basis will change their opinion after scanning the figures made public by the state motor vehicle department.

An amazing increase in the number of automobiles purchased by Californians during the first four months of the present year, as compared with 1920, is set forth in the vehicle department's report.

These figures show that California buyers have purchased just 1000 more automobiles per day, during the first four months of 1921, than they had during a corresponding period of last year. It illustrates the contention of members of the automotive industry that the public is beginning to realize more than ever the truly remarkable values in the cars now offered.

It has been a long time since the public has been enabled to purchase motor cars that bear present values. The prices of cars are within reach of nearly every person and because of the high grade of materials obtainable and because of the production efficiency of most automobile factories, never before have better values been on the market.

The official table just issued by the motor vehicle department, follows:

	1920	1921
Automobiles	421,982	540,339
Trucks	29,326	30,757
Trailers	1,699	2,456
Motorcycles	16,243	14,427

Winning Ford Car Placed Upon Display in Agency's Window

The special built Ford racer, which made such an enviable record for itself by taking second place in last Monday's fifty mile race at Hanford, may now be seen in the display windows of Jesse Smith's Ford agency at Broadway and Kenwood. The machine is the property of Eddie Winfield and Sam Durand, who piloted the car to victory. They are both Glendale young men and are partners in a local garage business.

Harry Hall to Leave on Four Months' Trip

Harry Hall, local Buick distributor, will leave next week for a four months' trip that will combine both pleasure and business. Harry has his big Buick all dolled up and Mrs. "Harry" has it loaded up in preparation for a run up to Big Pine and various parts of the mountains in Mono county.

They expect to spend several weeks in this section, hunting and fishing and lazing around as the mood strikes them. Following their California vacation they will start east, making the trip by motor. No special itinerary has been planned as they expect to make frequent stops at interesting spots along the road. Their ultimate destination is Flint, Michigan, the home of the Buick automobile company. Owing to the great increase in sales of Buick cars in Glendale, Mr. Hall intends to take up the matter of securing a greater allotment of cars for the coming year.

Many Visitors Attend Local K. P. Gathering

Visitors from many different jurisdictions were present Tuesday night at the regular meeting of the Glendale lodge, Knights of Pythias. Several of these assisted the local officers in conferring the beautiful ceremonies of the page rank. The short talks from all the visitors proved exceedingly interesting.

The membership drive is giving the officers much initiation work and the prospects are excellent for plenty of work for some time to come. The grand chancellor of the domain of California has taken special notice of the efforts being promulgated by this lodge and is rendering much aid. It is reported that after this drive is completed the fees for joining this lodge are to be raised.

Next week the page and esquire ranks will be conferred at the regular meeting and the following week the knight rank will be exemplified on the largest class this lodge has initiated for a very long time. Van Nuys lodge will be on hand to assist the local officers in doing their duty.

The annual outing this year will be a family basket picnic at Griffith Park next Sunday, July 10. All Knights of Pythias members are expected to attend. The committee has arranged to call for any who have no conveyances.

Most Taxed Industry Is That Of Autos

At a hearing before the Senate finance committee in Washington recently George M. Graham, representing the National Automobile Chamber of Commerce, made the statement that "all forms of transportation deserve equal treatment." He followed this statement of general tax principles with an outline of the special levies now made on motor cars and trucks, and the effect of these taxes on the movement of goods and persons.

"There are five main kinds of transportation," said Graham, "steam railway, electric trolley, inland waterways and horsedrawn vehicles. We believe that their interests are common, not opposed, and that the best wisdom involves allotting to each medium the type of haulage it can best perform. We believe that all should have equal opportunities for development, and that all should stand equal before the law."

"At present we are the most taxed of industries. We now have five main levies as follows:

"1—National and state income tax, common to all industries.

"2—Sales taxes, limited to ourselves and a few other industries.

"3—Taxes on repair parts, a permanent charge on the life of all vehicles, a tax specific to our industry.

"4—State licenses and registration fees, a virtual monopoly to us.

"5—Scattering municipal and personal property taxes.

"There are no Federal sales taxes on other units of transportation, as for example, steamships, locomotives, trolley cars and horsedrawn vehicles."

Taxes on motor vehicles fall most heavily on the moderate income classes, Graham pointed out. Two-thirds of the 9,000,000 motor vehicles now in use in this country are owned by persons whose annual income is \$4000 or less.

Monarch Auto Supply Prepared for Campers

The Monarch Auto Supply company, 131 South Brand boulevard, has a complete line of camping accessories for those who expect to spend their summer vacation in motoring. Camp beds and tents that can be quickly packed and stored in a small space on the running boards, are only a few of the convenient aids to the motorist's comfort that are carried by this progressive concern.

Roy Kent, the Glendale builder, fitted up his machine with a California auto tent and other camping goods before leaving on his recent vacation.

There are more motorcycles in use in London and all England than automobiles or other motor vehicles.

STUDEBAKER LEADS IN SALES LAST SIX MONTHS

Just 3331 Sold in State in First Half of 1921, Is Officially Reported by Agents

With the exception of Fords, more Studebaker cars have been sold in California during the past six months than any other make of car on the market, according to registration statistics compiled for the Packer Auto company, local Studebaker distributors. During the first half of 1921, 3331 Studebakers have been sold.

News of more "firsts" established by Studebaker cars has just been received by Packer Auto company.

A dispatch from Nevada City, Nevada, states that the first automobile to come over the Yuba Pass under its own power this year was a Studebaker, carrying Mr. and Mrs. Oscar Lister, of Boise Valley, Idaho, and their children, together with camping equipment weighing nearly 500 pounds. They were en route from their home to southern California, and essayed the difficult trip over the Yuba Pass without experiencing trouble.

From Spokane, Washington, comes the report of another Studebaker, piloted by J. H. Collins, of Colville, accompanied by his wife, who drove their car to Seattle and established the record of first crossing the Snoqualmie Pass.

Eight Miles of Snow. There is always considerable interest in the first car to come over this pass leading over the Cascade range, as it is usually blocked with snow until late in the season. Upon leaving Seattle Mr. Collins was told that the pass would not be open, but he determined to set out and go as far as he could. On the summit he was held up for nearly an hour waiting for workmen to let him through. He encountered more than eight miles of snow in making the ascent, and had to resort to chains in negotiating this stretch.

To a Studebaker car has gone the honor of replacing the malamute dogs and horse stages away up in the far northern snow-covered country of Alaska. It is a touring car, too, that is doing this job and it is being operated by Jack Callins, a "sour dough" on the route of Anchorage, Alaska. Latest reports state that the car is proving its ability to travel anywhere the malamute dogs and horse stages can go, and to cover the ground in one-third the time.

Awaiting Details on Killing of Americans

WASHINGTON, July 9.—The state department today was awaiting a further report on the killing of two Americans by highway robbers in the Tampico district in Mexico.

The consul at Tampico reported the killing, but his cable was so garbled that details could not be learned from it.

Situation Is Serious

MEXICO CITY, July 9.—The situation in the Tampico oil fields, already critical as a result of unemployment, was regarded in semi-official circles today as having been aggravated by the presence of the American gunboat Sacramento off that port.

Trouble may be precipitated by the presence of the warship, it was said. If so, any force the Sacramento could land would be insufficient to restore order.

Actual famine in the oil districts is considered imminent. The railway has been cut between Tampico and San Luis Potosi by a wreck attributed to a washout. This has had the double result of decreasing Tampico's food supply and completely cutting off shipment of fuel oil to Mexico City and other industrial centers, threatening suspension of work.

Oil shipments have fallen off 78 per cent since the new Mexican export tax became effective, according to unofficial estimates.

Demands Ratification of Economic Clauses

WASHINGTON, July 9.—Under the title of "What Next?" the leading editorial of the Washington Herald, of which Herbert Hoover is one of the principal owners, today demanded ratification of the economic clauses of the treaty of Versailles.

Whether the secretary of commerce wrote the article is not known. It does, however, correspond with the treaty views which he is known to hold along with Secretary Hughes in opposition to irreconcilable senatorial opinion that peace with Germany should be concluded by a separate treaty of "amity" and commerce without mention of the Versailles treaty.

HEAVY DEMAND FOR NASH CARS, SAYS LOCAL AGENT

E. B. Sutton Reports Activity in Sales; Interesting Is a Letter From Customer

With the reduction of price on Nash motor cars, which took place on July 2, E. B. Sutton, local manager of the Glendale Nash Sales company reports an unprecedented activity in the sales of this popular car. At present honors are about equal between the Nash "Six" and the Nash "Four" in the number of sales reported.

An actual shortage in Nash cars exists in other territories, according to reports received at the local distributing agency and the dealers in Los Angeles are entirely sold out. Mr. Sutton, however, is still in a position to supply a limited number of cars to the trade and for a short time will guarantee to make prompt deliveries.

The reduction in Nash cars ranges from \$150 to \$275, and is entirely due to the company's greater purchasing power and to the modern facilities which has lowered their production costs. It has always been the policy of the company to give the benefit of these savings to the public, says Mr. Sutton.

Interesting Letter
An interesting letter has been received by the May Motor company, distributors of Nash cars in Orange county, a copy of which was sent to Glendale. The record cited by the writer is remarkable and no doubt would be of genuine interest to Glendale motorists.

"Believing that a good thing deserves a good word I hand you here with my idea of a Nash car."

"Bought one of the first eighteen cars late in 1917. Since then have run it myself something over 125,000 miles. Barring spark plugs and tires, upkeep was practically nil, until I had reached 116,000-mile mark. Then I had the car overhauled, and believe that today my Nash will out-run most of the new cars on the road. Have been getting remarkable mileage on both gas and oil, averaging with the Rayfield carburetor, between twenty and twenty-two miles per gallon. My driving including trips through Arizona, Texas, Louisiana, Kentucky, up to Chicago, from there to Philadelphia, thence to Montreal, Canada, back through Montana, Wyoming, down in to Texas and back to California and drove the car every mile of the way, never having to ship by train on account of weather conditions.

"You are privileged to use this letter any way you may see fit. Best wishes for your success."

"Yours respectfully,
"J. H. HINCKLEY,
"517 19th Street,
"Huntington Beach."

Vaudeville Road Show At Glendale Theatre

Tonight is the big night at the Glendale theatre when the Meiklejohn & Dunn vaudeville road show will be given in addition to the feature picture, "The Servant Question" starring William Collier. The big double program is to be presented at the regular prices, no advance being contemplated.

Included in the vaudeville offerings will be: Richardson Brothers and Cherie in the hilarious comedy singing and dancing sketch, "Hiram's Day Off"; Northern Comedy Four, a quartet of singers and comedians; the Swiss Alpine Trio of instrumentalists and yodelers and Ann Vivian and company in a western novelty act.

This is by far the best program yet attempted in Glendale by Meiklejohn & Dunn. Two shows will be given tonight, the first at 7 and the second at 9 o'clock.

Williams & Spencer to Open Restaurant

Williams & Spencer of 118 West Broadway have leased through the H. L. Miller Co. the room at 136 1/2 North Brand boulevard, previously tenanted by the Valley Supply Company and plan to open a first class restaurant there. Their lease is for five years and they expect to open about July 20. Mr. Williams has had a good many years' successful experience in Iowa; Fred Spencer, the chef, is not unknown in Glendale as he has worked here for about five months.

Four Persons Drowned Over Vacation Period

Mr. and Mrs. G. E. Leighton and family of 504 East Raleigh street, who spent the week-end at Anaheim Landing report that their outing was an unhappy one, due to the tragedies that accompanied the dangerous undertow along that part of the coast. During their three-day stay four persons were drowned.

In thirteen southern states there is a registration of 1,292,638 automobiles and trucks.

William F. Hooper Supplies Many With Extra Tires, Tubes

William F. Hooper, Glendale distributor for Miller, Michelin and Kelly-Springfield tires, is a busy man these days supplying the many motorists of the city with extra tires and tubes to take along on their vacation trips.

Autoists have learned not to take an extended trip into the mountains without a spare or two. The Wm. F. Hooper Co. sell all of their goods on a guaranteed basis and are always found to be willing to rectify any mistakes.

In addition to their agency they conduct a free battery service for the benefit of their patrons and have one of the most modern establishments in Glendale.

Thirteen Billion for Luxuries, Amusements

WASHINGTON, July 9.—Approximately \$13,000,000,000 a year now is being spent on luxuries, recreation, movies and other amusements and personal finery, federal tax receipts show.

More than \$1,000,000,000 a year in taxes now is being received by the government as a result of purchases of foibles. This is nearly one-quarter of the total ordinary receipts of the government.

Sporting goods, automobiles and motorcycles, amusement parks, fancy bathing suits, summer hats for women and Panamas for father are now netting the government thousands daily. Cigarettes, cigars and candy bring in millions each month. The pennies that are paid with the purchase of soft drinks and soda water are helping to pay the annual interest charge of \$900,000,000 on the national debt.

Battleships are being built with the tax on motion pictures, sporting goods, face powder, cosmetics and other accessories.

Chewers of gum in the past twelve months have contributed more than \$1,000,000 in taxes to the federal treasury. Tennis racquets and sporting goods paid nearly \$4,000,000. Summer furs alone cost approximately \$5,000,000 and netted the government the tidy little sum of \$500,000 in tax money, the report shows.

Toilet soaps and powders brought more than \$2,000,000 in taxes into the government's coffers in the fiscal year just ended, indicating total purchases of those articles of about \$20,000,000.

Smokers in the past year paid the government in excess of \$232,000,000 in taxes over and above the actual cost of tobacco and cigars to the dealers.

More than \$23,000,000 poured into the government pocketbook from taxes on engagement diamonds and other jewelry, indicating total purchase of taxable jewelry at something like ten times the tax collected.

Bobbed Haired Blonde Replies to Baldheads

HARTFORD, Conn., July 9.—A baldheaded man looks less business-like than a bob-haired girl—and most times he has less sense. This was the answer today of Miss Mabel Johnson, 18, bobbed and blonde, to J. K. Daniels, slightly bald brunette head of the employment division of the Aetna Insurance company.

Miss Johnson was refused a position with the company chiefly because she had bobbed blonde hair—that straight flaxen kind which Daniels said was a sign of light-headedness. He has put in force a policy of not hiring peroxidized blondes and bobbed-hair girls.

"Baldheaded men ought to be waiters in a restaurant," Miss Johnson told the United Press. "Every time I see one of those shiny domes with a mock, dignified, little fellow underneath it, I want to tip him a dime."

"I don't think I have any less sense now than I did before my hair was cut."

"There's always a big rumpus like this when women try to get away from uncomfortable conventional styles for healthful informality and ease."

Nurse Testifies for State in Kaber Trial

CLEVELAND, O., July 9.—Dan Kaber, while lying ill in bed, was forced to eat the food prepared for him by Mrs. Catherine Eva Kaber, according to testimony given by Miss Emma Wagner, former maid at the Kabers home.

Miss Wagner was the first state witness called to the stand when the trial of the woman accused of the murder of her wealthy husband was resumed today.

The witness recounted instances where Mrs. Kaber forcibly fed her husband strawberries and candy, which apparently made him violently ill.

Miss Wagner was followed on the stand by Miss Crystal Benner, a nurse who attended Kaber for three weeks, about two months before his alleged murder.

BUICK BUCKS FLOOD TERRITORY WITH GIRL AT WHEEL

Harry Hall Receives Letter From Dorothy Rhea, Who Visited in Glendale

Harry Hall, of the firm of Tanner & Hall, local distributors of the Buick automobile, is in receipt of a letter from Miss Dorothy Rhea, who has recently been visiting Mr. and Mrs. Hall at Glendale, describing a strenuous trip through the Pueblo flood.

Miss Rhea, accompanied by a party of friends, drove a Buick touring, with a heavily loaded trailer attached, from Glendale to Kansas, taking five weeks to make the trip. No difficulties were experienced until they struck Pueblo, Colorado, when their troubles began.

For three days they traveled through mud that reached the axles of the car. However, the sturdy Buick, with its trailer, waded through the flood-encrusted roads without once stalling its engine. Miss Rhea says that they passed many cars of a more expensive make that were unable to negotiate the rough going.

Nothing Spent for Repairs
Not a cent was spent for repairs or upkeep during the entire trip, the only expense being that for oil and gas.

As evidence of the remarkable lack of depreciation of the Buick, Mr. Hall cites the case of Mrs. F. W. Korn, now a resident of Hollywood. Early in 1920 Mrs. Korn purchased a Buick in Glenwood, Colorado, for \$1950. After driving several thousand miles over the rocky roads of that state, she started for California, and after arriving here she covered the entire state with her car. A short time ago she disposed of her car for \$1925 cash, just \$50 less than she paid for it.

C. W. Cadman, Famous Composer, to Appear

Charles Wakefield Cadman, the noted American composer who appeared before the members of the Glendale Music club recently and who was very much interested in the work of this organization and the two auxiliaries, will give a program next Tuesday night for the members of the Junior and Juvenile auxiliaries, exclusively, at the home of Miss Veda Knapp, president of the Junior auxiliary, 214 West Chestnut street. Members of the two auxiliaries will also contribute to the program a number of Mr. Cadman's compositions. A social hour will follow the entertainment, during which refreshments will be served.

Next week Friday at 8 o'clock, the Junior auxiliary will give a lawn fete at the home of Miss Knapp.

Big Corporation to Open Branch in City

The Guaranty Security corporation of Boston, said to be a \$10,000,000 company, is to shortly open a branch in Glendale. The guaranty company is a banking organization operated along unique lines. No deposits are accepted from any one not a stockholder, and the company specializes in short term notes.

It is through the efforts of Mrs. Nettie Williams, formerly associated with the company and at present secretary to D. H. Smith, manager of the Brand boulevard branch of the Los Angeles Trust & Savings bank, that the new concern has come to Glendale.

Temporary offices will be secured until the completion of the new Chamber of Commerce building in which they expect to make their permanent home.

Denies Club Members Want Political Party

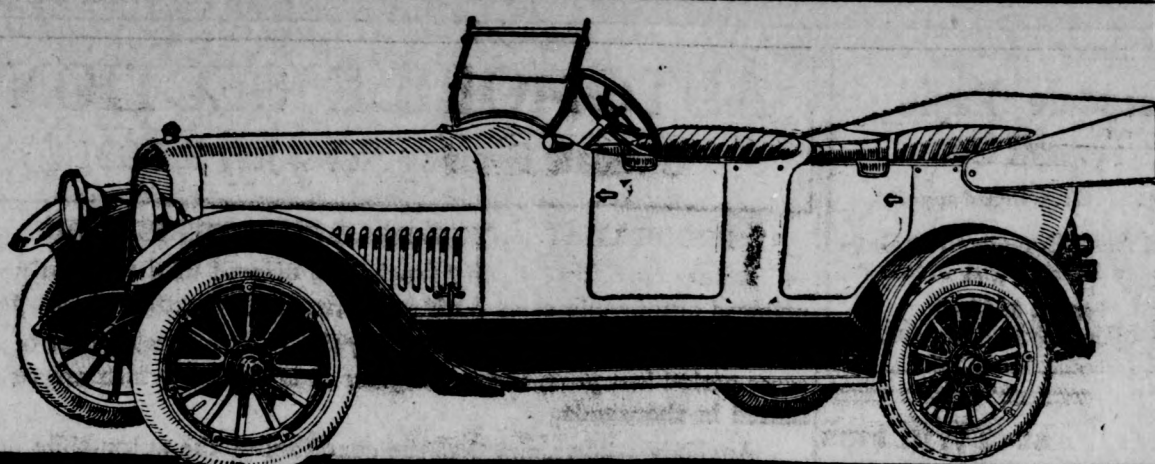

SALT LAKE CITY, Utah.—Women's clubs of this country do not stand for sex antagonism in government and will give no general support to a woman's party, according to Mrs. Thomas G. Winter of Minneapolis, president of the General Federation of Women's clubs.

Mrs. Winter defined the federation policy in an address here before delegates to the biennial council of that organization.

Her remarks differentiated sharply between politicians and citizens and placed the 2,000,000 clubwomen of America in the class of citizens. She denied the existence of any sex problem in the various acts of the women's clubs.

Man Elopes With And Marries Stepdaughter

WYMORE, Neb.—James Flower, of Barnes, 35, who deserted his wife and baby to run away with his 20-year-old stepdaughter, was captured at Washington, Kan. Flower and the girl eloped in his automobile to Concordia, where they were married. Wife desertion, bigamy and white slavery charges will be instituted against him.

Big Blooms Stripped From Hills Of South

"Yucca hounds" in motor cars are denuding the hills of one of the state's most picturesque features, according to officials of the Automobile Club of Southern California, in a state-wide announcement just issued.

From San Diego and Imperial counties on the south to San Luis Obispo county on the north and including all the territory between—thousands of motoring parties at this season are busily engaged in plucking the huge yucca blossoms from the hillsides.

That more than 5000 of the big blooms were carried through a single city in the southern part of the state is testimony offered by Automobile Club officials to the fact that soon there will be no yucca blooming on local hills.

Eastern visitors declare that the yucca in the summer season is one of the most interesting sights southern California has to offer the motorist. Thousands of letters are written to eastern friends by visitors here every year describing the beauty of this native plant, and boosting the state at the same time.

It is further pointed out that the giant blossoms are far less beautiful when carried home, for they droop and fade immediately after they are cut.

There is no law at the present time in California which is adequate to stop the picking of these flowers and so the Automobile club, through its thousands of public-spirited members, asks that all motorists exercise their willpower and refrain from picking any yuccas whatsoever. Leave them on the hillsides for the eastern visitors to admire from the highways.

TRY THIS SOME DAY

Here is a method of putting lubricant into the rear axle in double-quick time: Put a common funnel in the filler hole of the axle. Remove the cap and nozzle from the end of the gun. Put the end of the grease gun in the wide end of the funnel and hold it firmly, while screwing up the handle in the ordinary way. The grease will shoot into the axle in jigtime and the rinsing with kerosene and wiping with a bit of waste will remove all traces of the operation from the funnel.

According to a report to the infant welfare society in Chicago, the children of wealthy parents are not on a par physically with those of poor parents. In one school in an exclusive neighborhood half of the children examined were not up to normal weight and many were seven per cent under weight.

Total	\$42,150

Baseball Players to Appear at Big Trial

CHICAGO, July 9.—Subpoenas were prepared today for every member of the White Sox and Cincinnati Reds teams during the 1919 world series to testify during the baseball scandal trial here.

The five umpires who worked in the 1919 world's series and others connected with the games will also be summoned. The defense will attempt to show through the testimony of the other players that they believed the eight White Sox on trial on charges of throwing the games played their best.

In case the subpoenas cannot be served on some of the men, Judge K. M. Landis, high commissioner of baseball, will be asked to order the players to appear.

As a large number of the players still are with the White Sox and Red teams, some games may have to be postponed while the trial is in progress, tying up the schedules of both leagues to some extent.

Statement to the Public

At a regular meeting of the City Council July 7th, 1921, a motion made by Councilman Stephenson was adopted directing that a statement be prepared and published for the information of the public, setting forth certain facts as to the requirements of the Charter, and particularly the policy of the Council in regard to appointments.

Article VI of the Charter provides that the Council has power to "Appoint a City Assessor, which office may be combined with that of City Clerk, a Tax Collector, a Police Judge, a City Attorney, a City Manager and five Library Trustees."

Article 9 which sets forth the powers of the City Manager, provides in section 2 that he shall have power "To appoint, except as otherwise provided in this Charter, all officers, heads of departments or divisions and all deputies, assistants and employees in the several departments and offices, and to remove same. Such appointment and removal shall be subject to the approval of the Council and shall not be effective without such approval."

At present there are no vacancies existing in any of the offices or departments of the city government. Any changes that may be made in these positions will be only after due deliberation upon the part of the members of the council and it is their intention to give the fullest opportunity to any applicants for such positions to file their applications, accompanied by their references or credentials, showing their fitness for the positions desired.

The members of the council desire that all applications for positions be made in writing rather than by personal solicitation.

By order of the Council,

J. C. SHERER,
City Clerk.

LEGION POST WILL NAME DELEGATES TO CONVENTION

Selection Will Be Made at Next Meeting; Dance to Be Given Soon, Plan

The regular Friday night meeting of the Glendale American Legion post took place last night at the Legion hall on East Broadway. A fair-sized crowd of members was present, although many were announced as being away on their vacations.

As last night had been previously announced as initiation night, four new candidates were taken into the secrecy of the organization, the ceremony being carried out by the regular Legion officers.

Upon the suggestion of Commander Emil Kiefer it was decided to postpone the election of delegates to the annual state convention until the next regular meeting, which will be on Friday evening of next week. The convention will be held on August 22 to 26 at Yosemite, and each post in the state will be entitled to be represented by one delegate for every fifty members. This will allow Glendale to send six representatives from this post.

Plan Summer Dance

Dru Nicles, chairman of the entertainment committee, gave a report, announcing that an elaborate summer dance will be given by the Legion within the next two weeks. Also, that the committee is planning on conducting a gigantic entertainment in the near future. More definite announcements will be made at a later date.

After a somewhat lengthy discussion on the bonus legislation bill, action on which is now being deferred by congress, it was unanimously decided to endorse a resolution drawn up by Owen C. Emery and send copies to the parties therein designated. A copy of the resolution is published in another part of this issue.

Before adjourning it was voted to serve a "feed" in connection with the meeting on Friday night, July 22, and the post adjutant was instructed to notify all members accordingly. The largest attendance in the history of the post is being planned for that meeting.

Quick Recoveries at Hospital; 'Tea' Weak

SAN FRANCISCO, July 9.—The Letterman military hospital here has been receiving a great influx of ailing soldiers for the past week, largely, it is said, in anticipation of the arrival of a consignment of \$25,000 worth of whisky which Federal Judge Maurice Dooling had ordered turned over to the hospital by the prohibition enforcement authorities.

The whisky had been seized in raids, the owners either having been fined for dodging or sent to jail. The whisky was all supposed to be bonded stuff.

The whisky was taken to the hospital in a truck yesterday afternoon and attendants uncorked a number of bottles of it and began to administer it to the patients. One sip out of a tablespoon soon convinced large numbers of soldiers that the Letterman hospital wasn't all that it is cracked up to be, and a large number of exceptionally quick recoveries were reported.

The "whisky" turned out to be nothing more than tea. Whether the bootleggers were convicted for selling the beverage that made Sir Thomas Lipton famous or whether someone with access to the storerooms of the prohibition enforcement authorities renewed the contents of the bottles and left the substitute for looks has not yet been determined. Prohibition Director Exicijos, however, proposed to find out and predicts that the result will be a shakeup that "someone" will remember for a long time.

Must Disarm or U. S. Build Up Great Navy

SAN FRANCISCO, July 9.—Either Great Britain and Japan must disarm or the United States must build up equal navies on both coasts, said John Hays Hammond, noted mining engineer, who is here en route to the orient. Hammond, however, does not believe that a renewal of the Anglo-Japanese alliance would necessarily work to America's detriment, as he believes Great Britain would be averse as this country to permitting Japanese monopoly of trade in the orient.

Dancing Party Given to Group of Friends

Miss Marie Hearnshaw of 358 West Lomita avenue and Miss Sarah Allen of 352 West Lomita avenue entertained a group of forty friends at a dancing party last night given at the foothill home of Mr. and Mrs. E. H. Botsford on Sixth street. Music for dancing was furnished by a Victrola. During the evening punch and cakes were served.

THANKS ARE EXPRESSED

I wish to thank Dwight Stephenson, and the city council for their hearty co-operation and excellent support.

I wish to thank Mr. Spencer, the chairman of the library board, and too much cannot be said of the entire board for their understanding, never-failing interest and valuable advice and I wish to recognize the loyal help given me by the staff which has at all times manifested a magnificent spirit of service and untiring zeal.

We cannot be too grateful to the patrons of Glendale for the generous treatment given, and in closing, I wish to thank the patrons of the library for their appreciation of the service given, which they have shown by their unceasing interest. Respectfully submitted,

ALMA J. DANFORD, Librarian.

Approved by O. Spencer, Chairman Library Board, and Flora M. Temple, Secretary Library Board.

Miss Ella Thomas Is Bride of J. A. Walsh

In order to elude their many friends in San Diego, Miss Ella Thomas and Joseph A. Walsh of that city quietly slipped away to the home of Mr. and Mrs. Charles Cressey, 512 Vine street, and completed arrangements for their wedding, which took place yesterday morning at the Roman Catholic Cathedral in Los Angeles. Mrs. Walsh is the daughter of Mr. and Mrs. W. V. Thomas of San Diego. Mr. Walsh is a teller in the First National bank of that city. Mr. and Mrs. Walsh are spending their honeymoon in Pasadena.

Young Woman Smiles; Captures Police Chief

ATLANTIC, Ia.—A smile from Miss Ruby Kessler saved her prospective husband, George Greenwalt, from being haled before Mayor A. K. Cooney while the young people were on their way to the minister's house to be married.

They had been stopped by Chief Berry because Greenwalt was operating his car without the muffler on duty.

"You'll have to explain to the mayor," said the chief. "Yes, but you see we're in a hurry; we are on our way to be married," Greenwalt told Chief Berry.

The latter was obdurate until the young woman shot him a captivating smile. Immediately the flinty heart of the officer melted. "Go and Godspeed," he said, as he waved them on.

Warren Rigdon Put Up Wireless Station

Warren Rigdon, son of Mr. and Mrs. Nathan Rigdon of 224 West Doran street, had as his guest yesterday Drew Walstrom of Long Beach, who has been visiting at the home of Mr. and Mrs. R. W. Meeker of Colorado street. Warren Rigdon is very much interested in putting up a wireless apparatus, and, in fact, has aroused the enthusiasm of all the boys in the neighborhood.

Mr. and Mrs. E. Morgan Entertain for Friends

Mr. and Mrs. Ernest J. Morgan of 1165 South Central avenue entertained a group of Hollywood friends Friday night. The party included Mr. and Mrs. Louis Summers, Dr. and Mrs. French and Maurice Curtis. Mr. Curtis is assistant district attorney of Merced, and Mr. Morgan being friends in the days when Mr. Morgan was connected with the district court in Los Angeles.

South Dakota Rancher Is Raising Wild Geese

PHILIP, S. D.—Frank Weld, a rancher living near Milesville, is making a success of raising wild geese, which he has adopted as a side issue to his ranch and farm duties. Last year he captured a couple of wild geese, a male and female, and clipped their wings. These geese were placed with other farm fowl and soon became accustomed to their new surroundings. In due time they became quite tame. The other day the old mother goose showed up with six goslings.

Roman Cabman Winner In Boasting Contest

ROME—They are telling a story in the Roman cafes of how an American visitor to Rome came off second best in a boasting contest with a Roman cab driver.

The American undertook to see Rome in a day and used the cab driver as a guide. The American was driven to all the great Roman monuments and took great interest in the buildings, always asking how long each took to build.

At St. Peter's the cab driver confessed that it took 50 years to complete that structure. The American did not think that that was such a great feat for he was certain such a building could be built in America in two years. Other large churches, like St. John Lateran, the visitor said, could be built in a year or even six months.

Finally they were passing the new massive buildings occupying several city blocks containing the Italian law courts.

"What's that?" inquired the American.

"I don't know," retorted the driver. "It wasn't there last night."

Paroled Lifer Visits Home, Dies Suddenly

Epidemic Of Rabies In Sacramento County

SACRAMENTO—Because of an outbreak of rabies among dogs in this district an ordinance calling for the muzzling of all dogs in the county has been passed by the Board of Supervisors.

Twenty-one persons in the county have received Pasteur treatment since the first of the year, while during the entire year of 1920 but 13 persons were given the treatment. Of the 21 cases so far treated all have been proved "positive cases of rabies."
